About Me

Hey there! I'm Mohammed Almnyawe, a graphic designer with over six years of experience. Throughout my career, I've collaborated with numerous companies in Egypt and the Arabian Gulf, creating designs across various industries. I enjoy using graphic design software to craft visually appealing and effective designs. My approach is always to deliver high-quality work that meets my clients' needs. I believe in the motto "Keep it simple and symmetric."

I thrive on new adventures and challenges in my field. Continuously seeking the latest trends and innovations, I am dedicated to staying at the forefront of the industry. My passion for design drives me to experiment and push boundaries, ensuring that I bring fresh, creative ideas to every project.

Fragrance De Luxe

Logo and Visual identity

Branding

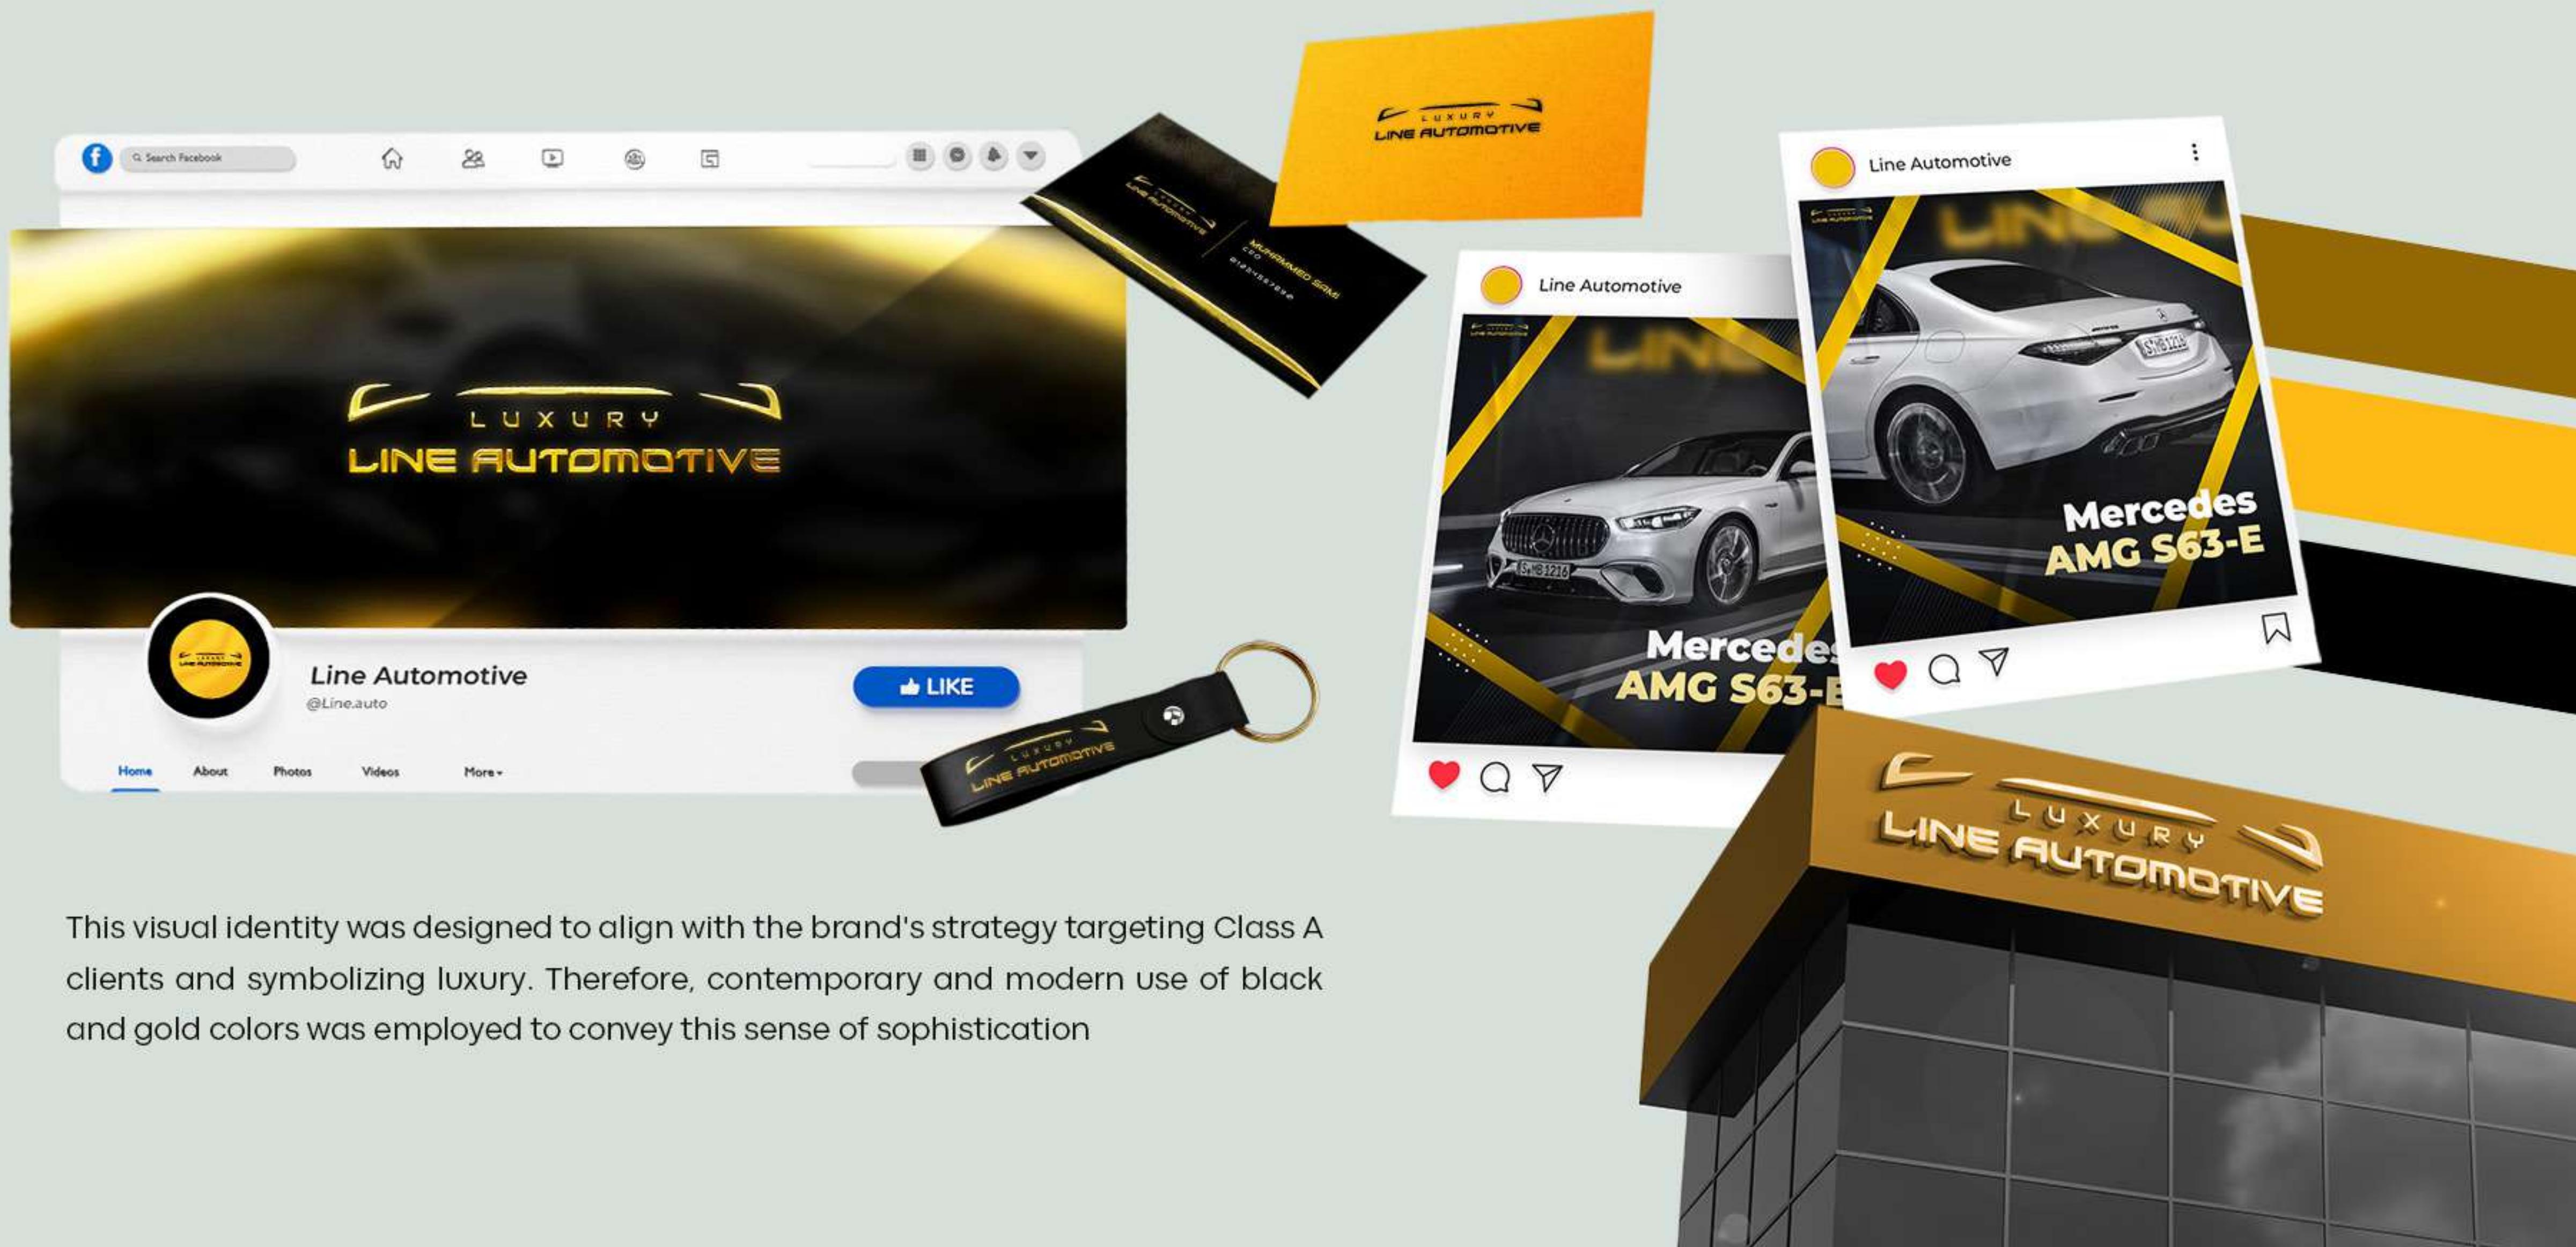

The main challenge was designing a simple yet distinctive visual identity that could compete with global brands. Extensive research and creativity were needed, but through iterative design and feedback, I achieved a standout identity that met the client's expectations.

Luxury Line Automotive

Branding

Logo and Visual identity

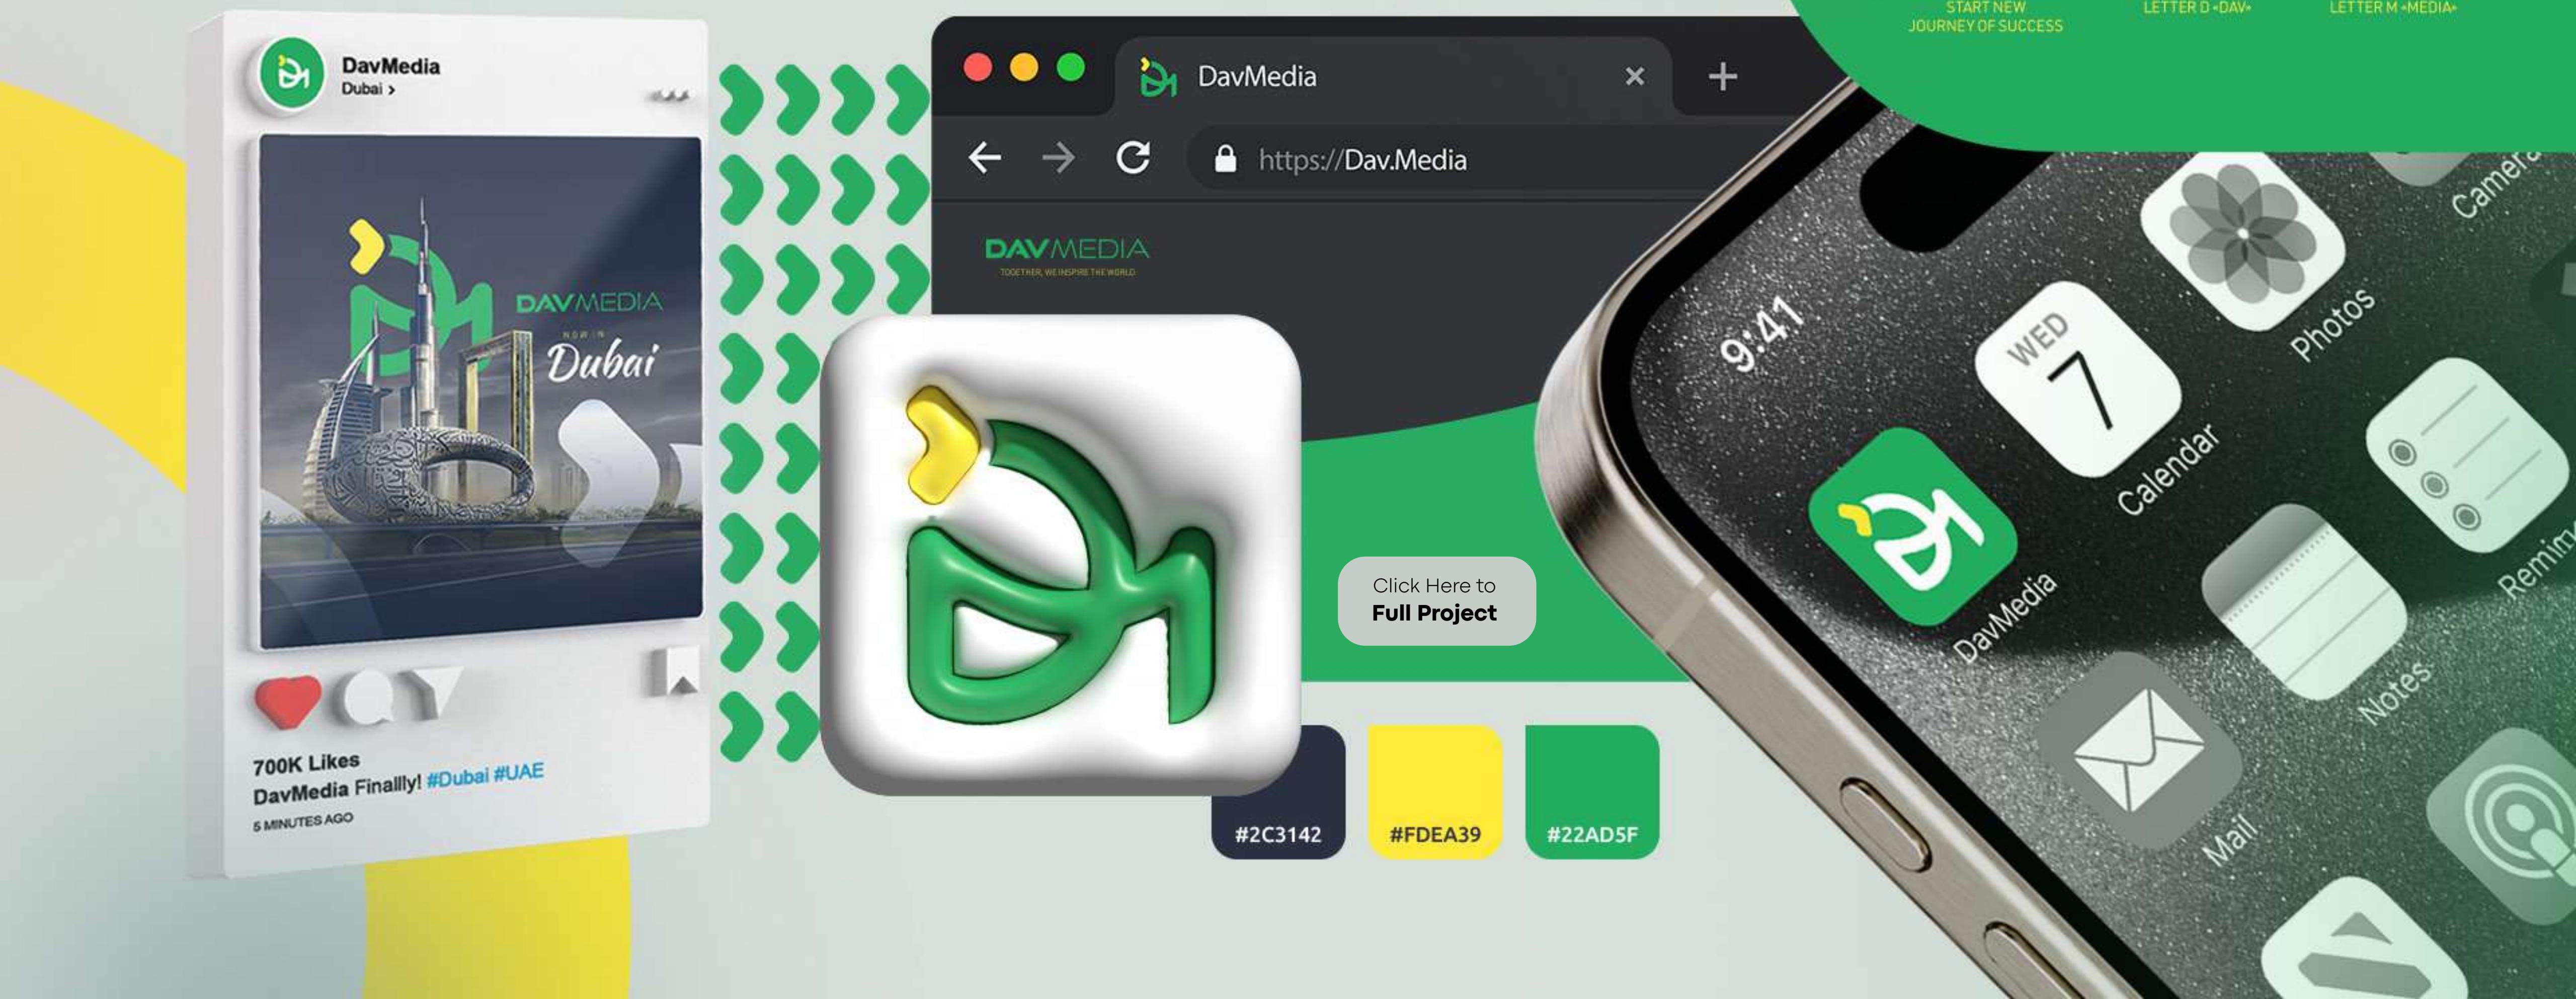

This visual identity was designed to align with the brand's strategy targeting Class A clients and symbolizing luxury. Therefore, contemporary and modern use of black and gold colors was employed to convey this sense of sophistication

DavMedia

Logo and Visual identity for Social Media Agency

Branding

This visual identity was designed to align with the brand's strategy, enabling clients to achieve growth in their projects. Through precise design elements, we aim to enhance brand presence and build trust and credibility.

OrganicArt

Visual identity for interior design studio

Agency / Horizon Agency
Art Director / Malak ElAttar
Head of designers / Shoroq Sabry

Branding

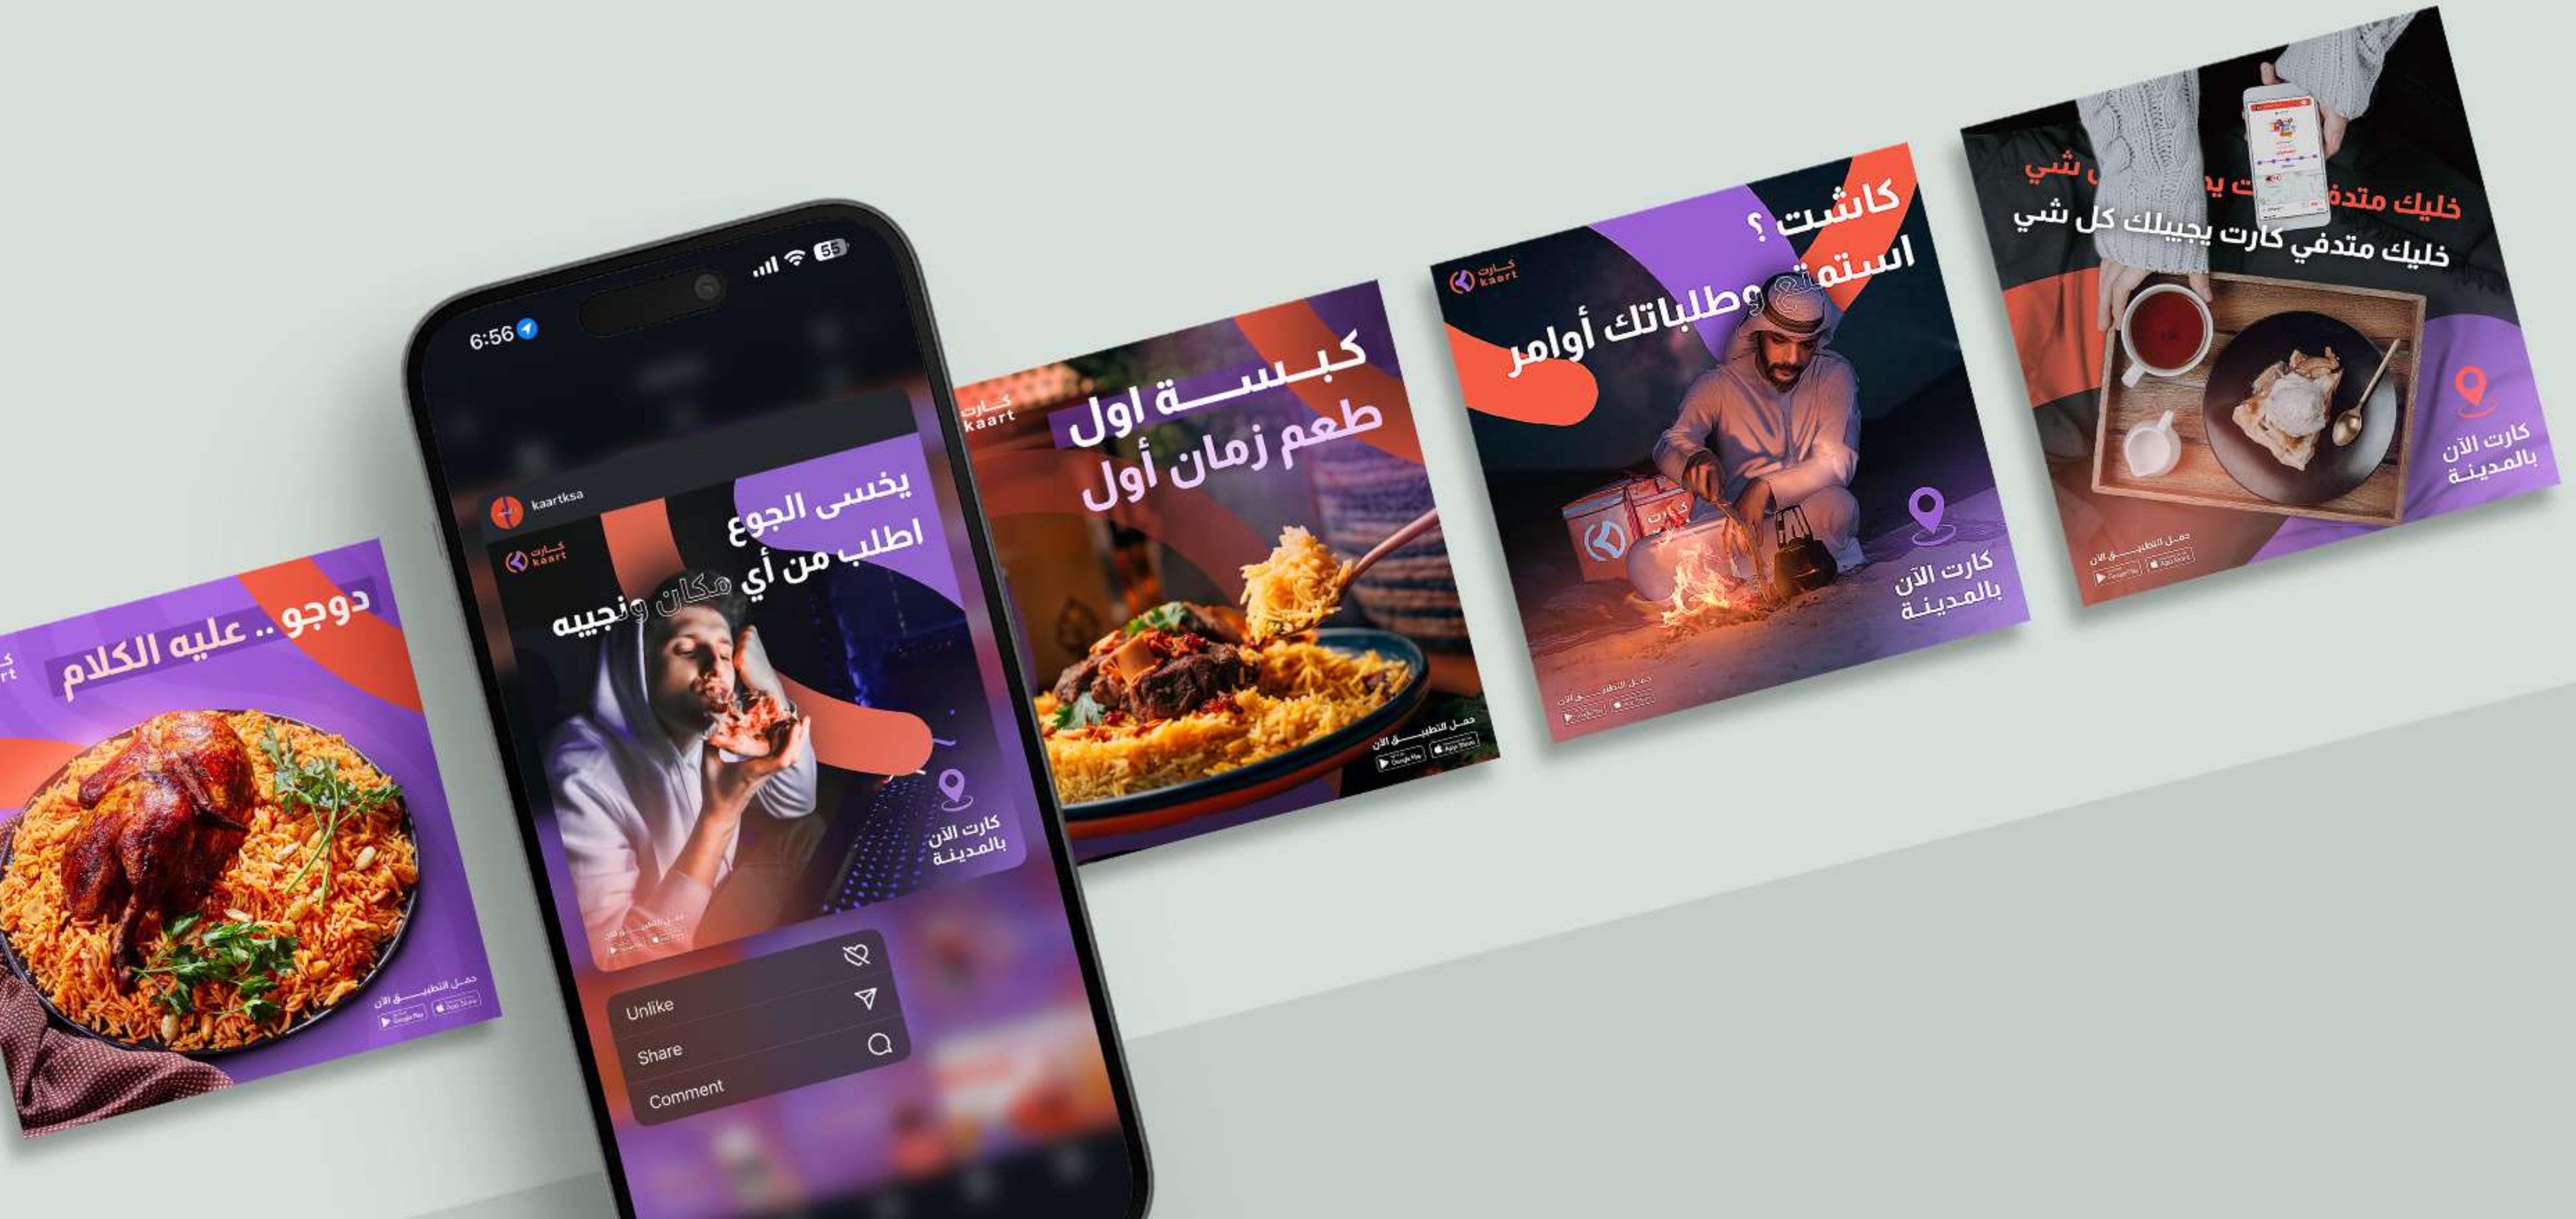

This visual identity and logo were designed for an interior design studio with the primary goal of achieving a simple yet conceptual icon. The color palette was carefully chosen to reflect the studio's aesthetic and values, ensuring that each hue complements the overall design while conveying a sense of elegance and sophistication.

Guideye

Roll-Up banner

Prints

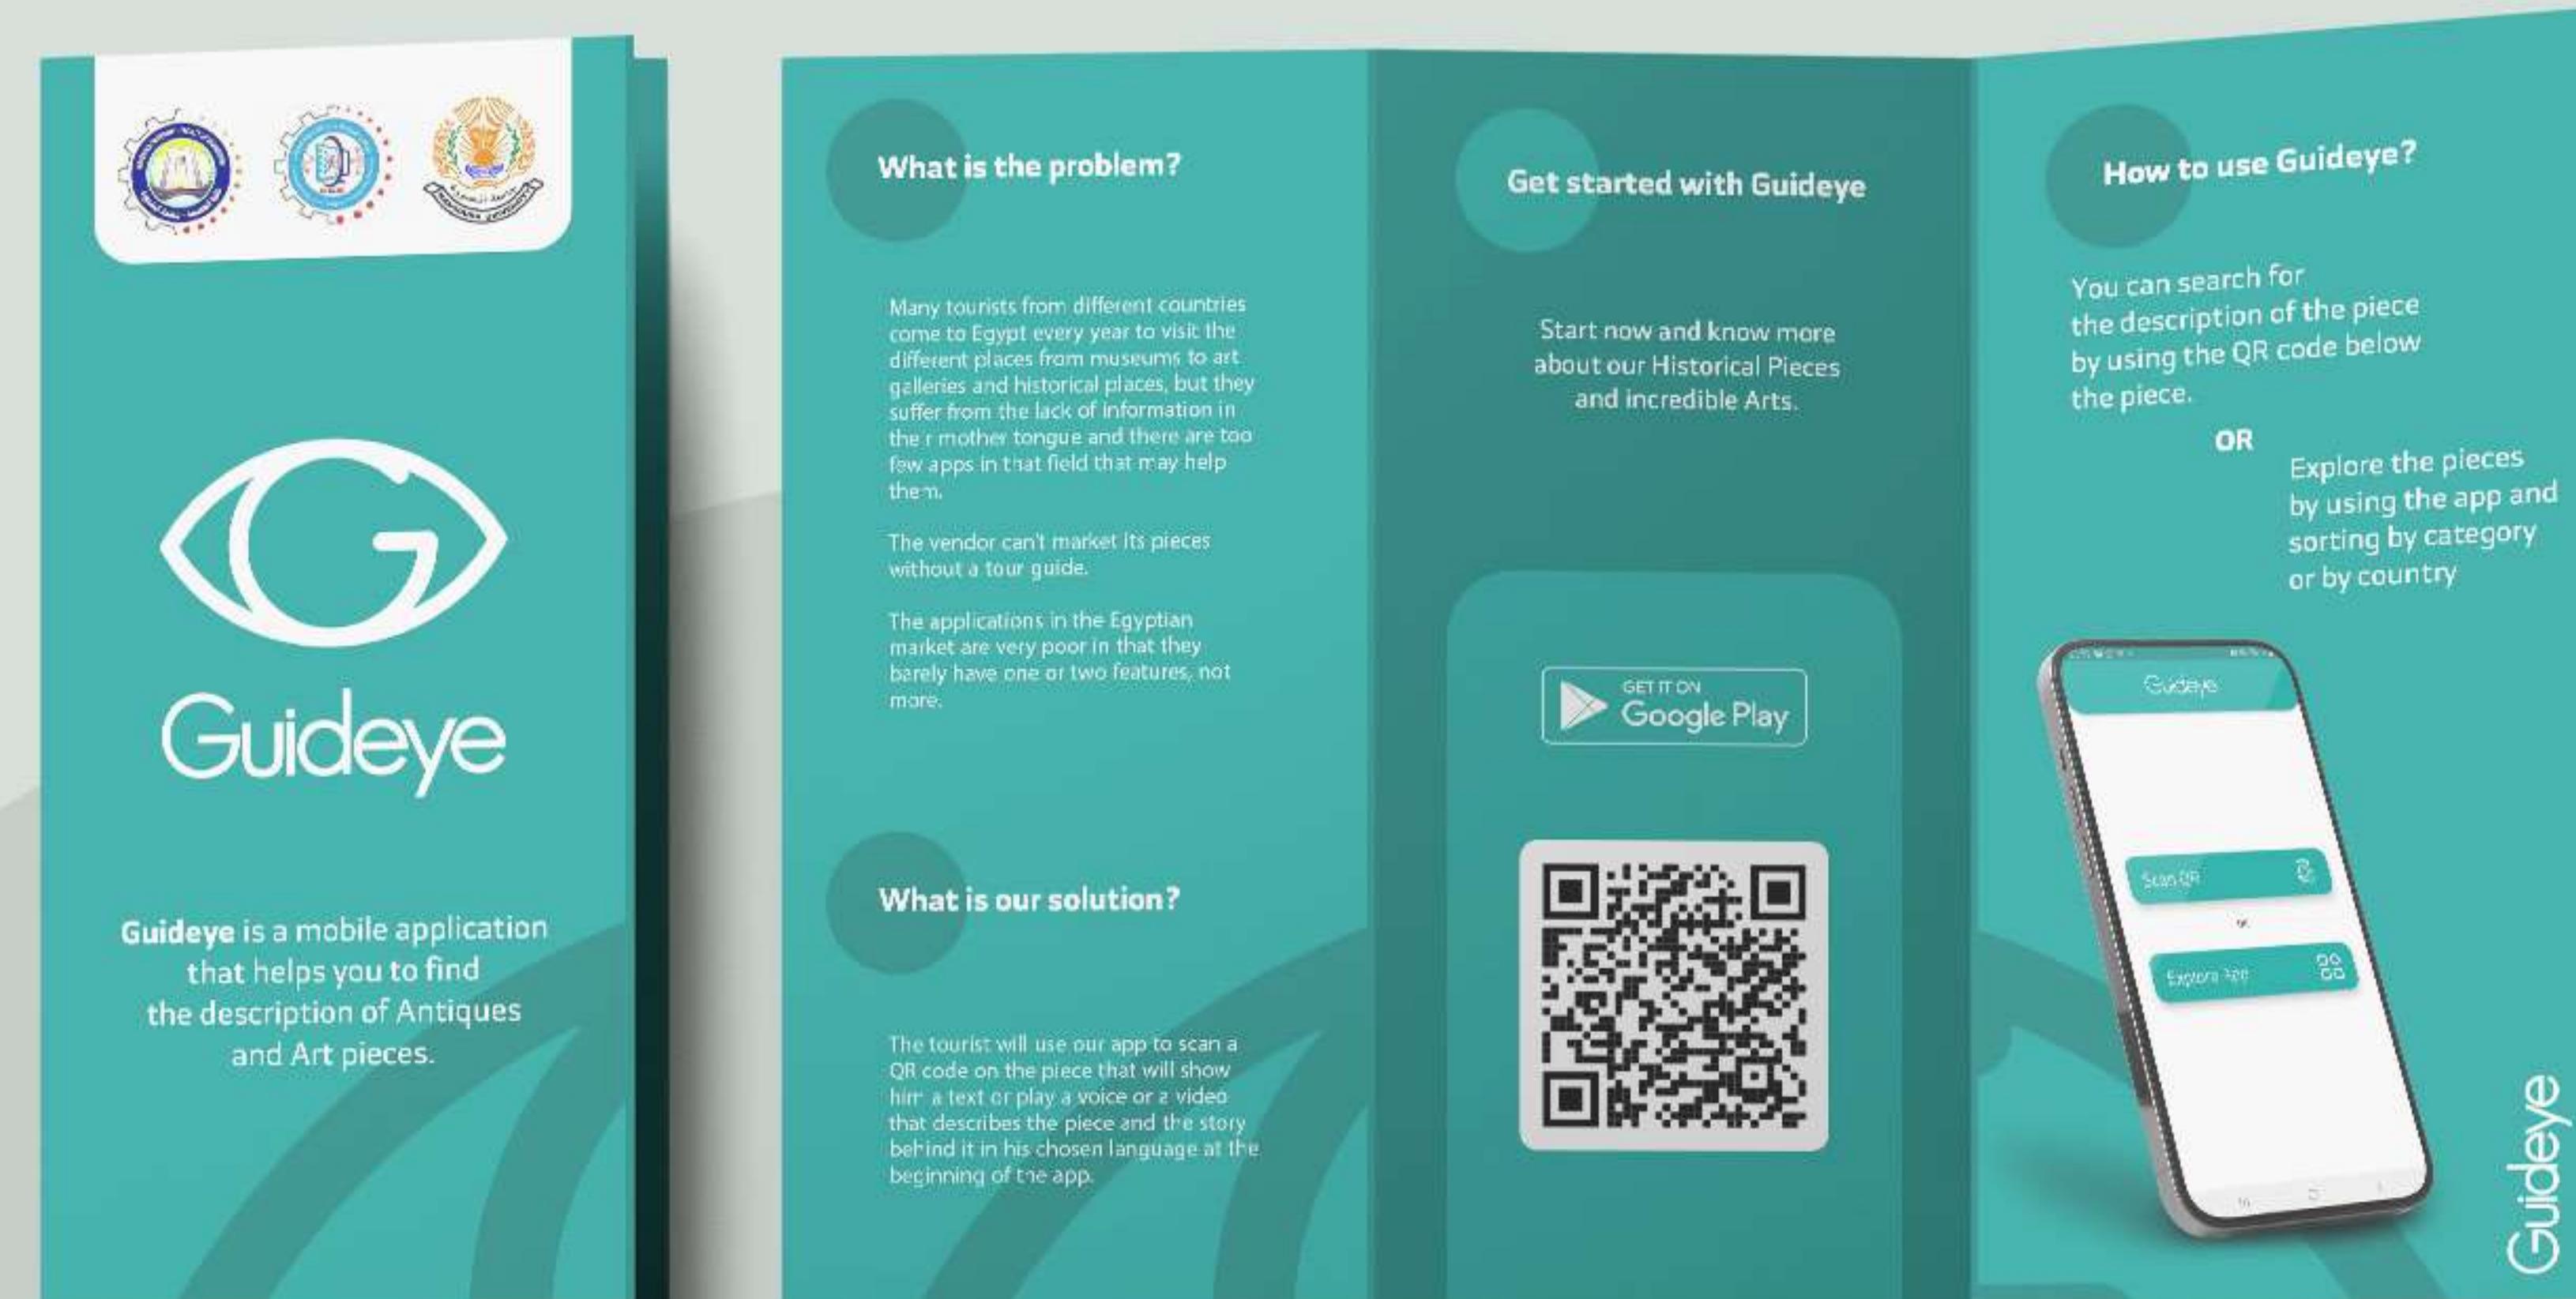

Guideye is a mobile application designed as a graduation project by engineering students at Mansoura University. It helps users find descriptions of artworks and antiques. By scanning items with their mobile camera, users receive detailed information about the piece's history, origin, and features. The app also provides expert opinions and evaluations, making it a valuable tool for art enthusiasts and collectors.
